INTERNATIONAL HARVESTER COMPANY

DEPAIRS made for International implements and N other farm equipment by the Harvester Company are the only repairs made from the original patterns. All others are copied from copies, and in this roundabout reproduction they may lose in correctness of shape, sharpness of detail, closeness in fitting, and quality of material. These repairs are made for Deering, McCormick, Milwaukee, Titan and other International-made machines.

Genuine (H) Repairs Are Better in Quality Fit Better and Wear Longer

The Harvester Company stands back of its imitation repairs for the genuine and expect best service. Repairs made by other concerns and marked "Made for" or "Will fit", are not genuine IHC repairs. They often lack weight, are not always correct in shape, are imperfectly finished, do not fit properly, or are made of inferior material. Buy Genuine International Repairs for your International Farm Equipment.

Beware of Any Other Kind!

Don't blame your binder for the misdeeds of weak,? uneven, cheap twine. You wouldn't expect to get full power out of an automobile if you diluted the gasoline with water, would you? Why then should you expect satisfactory results from a binder in which you use weak, uneven twine. For satisfactory operation use
